To the People of Appomattox County:

On Tuesday, July 11th, we have one of the most important Primary elections we have had in our time. We will nominate a candidate for Governor, Lieutenant Governor, and Attorney General. We are supporting the Honorable Albertis S. Harrison, Jr. for Governor, the Honorable Mills E. Godwin, Jr. for Lieutenant Governor, and the Honorable Robert Y. Button for Attorney General. These men are dedicated public servants having served Virginia in various capacities for many years. We believe they will maintain sound and progressive government in Virginia and at the same time retain for us our way of life and the things that mean so much to the future welfare of our state.

All of the officials of the county are supporting these candidates because we are convinced that the election of these three gentlemen is in our best interest. Several pressure groups, including those who are demanding immediate integration of our schools, are actively and openly supporting the opposing candidates for their own selfish interests. Unless those of us who believe in good government and who are anxious to retain our way of life go to the polls and cast our vote, we cannot expect to maintain sound government in Virginia with equal protection for all of our people.

Our candidates are opposed to any increase in taxes and are dedicated to improving our schools, expanding industry and stepping up our road program.

We will greatly appreciate your going to the polls Tuesday morning and casting your ballot for Harrison for Governor, Godwin for Lieutenant Governor and Button for Attorney General.

Thanking you for your consideration and with best wishes, we are.

Sincerely yours,
